Limited service starting September 21st due to COVID-19

Dear Valued Customer,

COVID-19 is continuing to spread throughout the world and has affected the bus business dramatically.

Pandemic has also affected the supply chain and customer orders. Delivery time on components has increased and orders decreased.

As a result of these exceptional circumstances, Valeo TCV Finland is entering in to short time labor.

As of September 21st onwards all functions are closed on Mondays until further notice.

During this extremely difficult time, the top priority of the Valeo Group is to protect the health of all employees, and limit the risk of transmission of the virus at the workplace.

We trust that the local governments are doing the maximum to control the situation and we are supporting our teams to stay healthy and protected.

There may be delays due to limited man power.

Thank you for understanding and we apologize for the inconvenience caused.

With best regards,

Tommi Forsberg
Sales Manager
